# PRESIDENT'S REPORT

Welcome to this month's edition of the Free Wheeling Newsletter.

Recently Four Wheel Drive Victoria put out a media release announcing new funding from the Victorian government for a very substantial \$220,000.00. The funding is to help support FWDVic in keeping 4Wd tracks open to the public, running education programs at major 4WD shows and events, promoting low impact four wheel driving and promotion and marketing of Victoria's Iconic 4WD Adventures. Further to this, the Environment and Climate Change minister, Mr Ryan Smith, stated that the Victorian Government was committed to supporting initiatives that promote sustainable recreational use of Victoria's public land which deliver economic benefit to regional Victoria.

We have arranged to have a representative of FWDVic to come and speak at one of our club meetings to discuss current issues and some of the initiatives that FWDVic are currently working on. At this stage we have them pencilled in for the December meeting, but we might move it to early next year. This will be confirmed shortly.

There are a number of 4WD tracks that are still seasonally closed until the Cup Weekend as many of you know, but there are a few areas still closed from the bush fires.

Specifically the areas around Walhalla and Aberfeldy are still closed. It would be best if any club members are planning to run a trip, to call the local rangers office to check not only closures in the area but also to obtain local track knowledge and conditions of the camping grounds if you plan to stay overnight. Other good sources of information are the Parks Victoria website: [www.http://parkweb.vic.gov.au](http://parkweb.vic.gov.au) , DEPI (Department of Environment and Primary Industries, formally the DSE, formally NRE and often know as department of name change): <http://www.depi.vic.gov.au> and of course Four Wheel Drive Victorias website: <http://www.fwdvictoria.org.au>

At the last meeting we had a discussion about vehicles GVM (Gross Vehicle Mass - the maximum your vehicle can carry including accessories). There has been an increase in insurance companies examining the loads been carried when assessing claims and there are many reports of claims been denied due to being over the manufacturers stated GVM. This also applied to your caravans and camper trailers and also the load being exerted onto your vehicle through the tow ball. We are looking at having a day out at a weighbridge where members can weight there vehicles so you know where you stand weight wise and whether your vehicle needs to go on a diet or if your within the limits. We want to do this on a weekend and Ashley is looking into places that are happy to work in with us on this. Once we have it sorted out we'll put up a trip form and advertise it in the newsletter.

I'm sorry that the Newsletter is late getting out this month, it's mostly my fault for not getting this Presidents report in early enough (and technical issues with emails).

Until we meet at the meeting, keep it safe,  
John Partridge  
President, VFWDC Inc.

## Trip reports

Dean's August night run. Went up Rocky Track, no problems. Tried the same track as Andre, Ben and Mark got stuck on a previous. Spent 30 min winching up, no solution. Some more winching for 3 hours... No problems, no damage to trucks and no injuries so a good night was had by all!

Mark's Shepparton trip. Didn't go on the Friday, but stayed at Parklane Caravan Park. Went to SPC, Kids town and Motorcar museum. Easy and great visit.

## Trip Reports

### Trip to Shepparton

This trip was going to be a return to Mark's home town, but this time Mark was going to be 'the tour guide'. Our original plan was to head to Shepparton Friday night, so we were packed and so we headed off, but only got as far as Fountain Gate as the wind was blowing a gale and move our car into the next lane. The decision was made to return home and get going first thing in the morning.

We arose early, but not as early as we wanted too. We arrived in Seymour and got in contact with Andy and he advised that he was only leaving Melbourne now, so we stopped and walked around the Seymour market that was going on at the cricket ground. I managed to find a book that I had been searching for years to buy, I was very happy that we had stopped.

We continued along to Shepparton, where we had time to stop for a cuppa at Marks parents then we got a message that Andy and family had arrived at the caravan park. We arrived and paid our fees and greeted Andy, Glenys and Alex, we set up tents and took a look at the big jumping pillow and some of the play equipment. Everyone had hungry tummies so we headed into town and stopped at a good little bakery and then took lunch over to Kidstown where we consumed lunch and Alex got to run around and burn off some energy.

It got late into the day so we headed back to the caravan park and organised happy hour munchies. The caravan park had newly refurbished BBQ area, so we headed over and sat around and enjoyed happy hour and enjoyed a few good laughs. It eventually got late and dark so we got ready to head out to a pub for dinner. We tried the Peppermill hotel and that one was fully booked, we contacted our friends who parents own the Pine Lodge pub, but we found out that they had sold it and were no longer there. So we headed into town and found a spare booking at the GV hotel. The place was getting very busy

and so they managed to get Mark's dinner order incorrect and so we had to wait a little bit longer to enjoy our meals, but we all managed to walk out of there very satisfied.

We returned to the Caravan park, the little one headed to bed and the adults attempted to put the shelter back up, as it had fallen down and was started to rain. We sat around and had dessert of chocolate, cuppa teas, coffees and hot chocolates. The decision was made to head to bed early as it was raining and getting cold, so we said good nights and headed to bed warm and dry.

Sunday

We woke up to a clear blue sky and the sun shining, wow what a difference. We packed up camp and consumed a warm breakfast, we ended up being a bit late to check out but they didn't mind. We returned our keys and then headed off to do a spot of 'bulk shopping' at the SPC factory outlet. Andy and family couldn't believe the deals and bargains that were there. Mark and I restrained ourselves this time and spent less than \$100's, last time we were there we spent \$300's and had two trolleys full.

We took Andy and his family on a tour around Shepparton and then made our way to the car museum and took a wander through there and found a huge array of vintage and classic cars. We took a look at the antique shop as well, Alex got to purchase some cars to add to his collection at home.

We went to the chocolate shop and had a bite to eat for lunch, Glenys wanted to have a look at the Scout park we would have been camping at, so we took them for a drive around the park and it would have been a very good spot along the GV river, maybe next time when it's warmer.

We all arrived home safe and well, it was a very good weekend, something different while the tracks were closed at the moment. Thanks to Andy and family who came along and attended.
