Hi All,

Looking forward to seeing everyone on Wednesday as we kick March off. This month we have the opportunity to sign up for two different training courses. New members or those who haven't yet completed a Driver Training course can sign up for this.

This course will show you the capabilities of your 4WD and teach you how to get out and enjoy the tracks in a safe manner. In addition, some Insurance companies will offer a discount if you have completed this course.

Everyone who has done this course will always say that they got something out of the course.

Also, FWDV is running a chainsaw course.

This course will teach you how to maintain your chainsaw as well as trimming and cutting felled trees. Safety is emphasized throughout the course.

Both of these courses are accredited courses, and the club strongly encourages you to take these opportunities to enroll and develop your skills in a safe manner.

We already have at least one trip each month throughout April – July so sign up to one of these if you can. See the Calendar and upcoming trips further in the magazine for more details.

Next month (April) we will have Dion from Weigh Station coming to our meeting so come prepared with any questions you have regarding weights/loading your vehicle and trailers.

Our 50th Celebration is moving along well, and we now have the 19th of Oct locked in with Club Noble for our Celebratory dinner. Please remember to send along some standout photos of trips that you have done over the last few years.

We also want nominations for awards as well as any suggestions for other fun awards / activities we can run on the night.

We have the:

Onya award – (for anyone that has made a trip memorable in their own way by doing something silly/funny or memorable)

Last month we had a bit of extra items on the tables at the meeting (Map of Vic, Yearly Planner, suggestion list for Trips and guest speakers) I received plenty of positive feedback for these so please make use of them or let me know of any suggestions you have that will make our meetings more interactive

Track Classifications

Four Wheel Drive Victoria have a track grading classification scale which has been developed to assist in advising Trip Leaders and participants on 4WD trips of the type of tracks that they can expect to encounter. On most trips participants can expect that a variety of tracks will be traversed each with an appropriate rating. Trip Leaders should advise participants of the range of track ratings expected to be encountered on the planned route. The following classifications will assist in determining an overall Trip Rating:

Considerations	Easy	Medium	Difficult	Very Difficult
Overall Description	All Wheel Drive and High Range 4WD. Novice Drivers	Mainly High range 4WD but Low range required. Some 4WD experience recommended.	Significant Low range 4WD with standard 4WD ground clearance. Should have 4WD driver training.	Low range 4WD with High ground clearance. Experienced Drivers
Advisory Sign				
Expected terrain and track conditions	Mostly unsealed roads with no obstacles and minor gradients.	Tracks with some steep and/or rocky/slippery/sandy sections. May have shallow water crossings.	Tracks with frequent steep and/or rocky/slippery/sandy sections. Possible water crossings.	Tracks with frequent very steep and/or rocky/slippery/sandy sections. May have difficult river crossings.
Vehicle suitability	All wheel Drive and High Range 4WD. Can be low clearance with single range and road tyres.	Suitable for medium clearance vehicles with dual range and all terrain or road tyres.	Suitable for medium to high clearance vehicles with dual range and all terrain tyres.	Suitable for high clearance vehicles with dual range and tyres suitable for the terrain. (Mud Terrain tyres).
Recovery equipment			Recovery equipment required.	Winch / Recovery equipment required.
Driver Training / Experience	Suitable for novice drivers.	Recommended that drivers have experience or 4WD training. Recommended to be done in groups of vehicles.	Recommended for drivers with reasonable experience or 4WD training. To be done in groups of vehicles.	Drivers with extensive experience and advanced training should only attempt as there are several technical challenges. Recommended to be done in groups of four or more vehicles.
Weather	May be difficult in wet conditions.	Will be more difficult in wet conditions.	Will be more difficult in wet conditions.	Will be more difficult in wet conditions.

Dates	Theory – Tue 12th March – 7.30pm start Practical – Friday 15 th March– Sunday 17 th March
Meeting Details	<p>Theory – Noble Park Football Club, Blue and Gold Room Practical – Service Centre Officer (Princess Hwy) Friday @5pm / Saturday @7.30am</p> <p>The Club encourages all members to participate in a proficiency course to ensure the basic fundamentals of 4-wheel driving are gained.</p> <p>Theory provides an overview of the tread lightly principles, vehicles dynamics and functions, tackling various terrains along with other subjects. This provides the background for the practical weekend. Practical we run through individual vehicles and differences, basic recovery equipment and recap some of the theory (including homework). We then begin the practical side running through several techniques to ensure safe vehicle recovery when in difficult situations. Once all participants are confident with these, we hit the tracks to put all the theory into practice.</p> <p>Sunday will be a leisurely start then we will traverse a number of tracks which allow you to become familiar with your vehicles' capabilities and gain further confidence. We should be finished by 2 o'clock arriving back to Melbourne around 4. As with past participants the weekend provides confidence to safely 4WD either with the club or friends</p>

Huts 2 Huts – Mount Speculation Aid station - Trip run by Ly

Dates of trip: 16/02/2024 – 18/02/2024

Attendees

Toyota 300 Series Landcruiser - Brett

Lexus LX470 - Ly

Details

Our journey began on Friday at Lilydale McDonald's at 9:30 am, where Brett and his mighty 300 series Landcruiser was waiting.

We set out towards Yarra Glen for a quick pit stop before making our way to Mansfield BP to refuel and grab some snacks for the road. With our tanks full and spirits high, we continued our journey towards Mirimbah Park, where we aired down tyres in preparation for the trails ahead. By midday, we were ready to conquer Mount Stirling Road, Circuit Road, and Speculation Road.

Navigating through the rugged terrain proved to be slow going, especially past Little Cobbler Track, where we encountered two bog holes with no easy tracks around. After carefully assessing the depth with sticks, we chose our path and continued our ascent, mostly crawling in 1st or 2nd gear. Near the top we encountered the top three runners were hours ahead of the pack.

Upon reaching the top, we rendezvoused with Adrian, Sharon, Jurgen, Bec, and Jared the medic. Due to limited space near the parking area, we set up our camp in a clearing below. Our duties at the aid station included preparing sandwiches, cutting up fruits, handing out snacks, and pouring drinks to support the passing runners participating in the race.

Trip Report

As night fell, several runners required evacuation down to Kings Hut. By 9pm there was 6 runners waiting. Eventually a 79 series dual cab came and picked them up along with Adrian who volunteered to drive the remaining two down. Driving at night after a long day wasn't my cup of tea. Afterward, we gathered around the campfire, sharing stories and laughter over drinks before retiring for the night.

The next morning, Brett and I embarked on a hike to Mount Speculation that we wanted to do last year, relishing the awe-inspiring views from the summit

Trip Report

After breakfast with the group, we manned the aid station as competitors began passing through. Brett known as 'Spud Man' was frying up potato slices.

By 3pm the sweepers came through. We assisted with packing up the equipment into Adrian's 200 series Landcruiser.

We all left Mount Speculation in convoy formation - I was tail end Charlie. Jurgen was nervous tackling the bog holes. He watched Adrian pick the line, and we assured him his stock Prado was more than capable. Jurgen slowly crawled through the hole, jumped out of the car and gave his daughter a big hug!

Upon reaching the Kings Hut campground, we were greeted with a vibrant party atmosphere. Wood-fired pizzas, soups, BBQ, and beers provided by another 4x4 club added to the festive mood. Brett and I set up our swag and tent in 'tent city,' enjoying a meal with competitors and chatted about their experience. One group flew all the way down from Brisbane to compete!

Trip Report

By 8:30 pm, competitors had retired to their tents in preparation for the 5 am departure. I was awoken by their 4 am phone alarms but managed to roll back to sleep until 5 am. After a quick breakfast, Brett and I decided to pack up and leave instead of going back to sleep. We turned on our driving lights and embarked on some 'night' driving, navigating through King Basin Road with its low river crossings and encountering cows on Black Landing Track.

We exited via Circuit Road and Mount Stirling Road, reaching Mirimbah park by 7:30 am to air up. Brett and I bid farewell to each other before heading back to Melbourne.

We need your help on and off the tracks
