## VFWDC GENERAL MEETING VENUE

The committee has finally found and booked a new permanent venue for our Monthly meetings. The venue has a very good Bistro so some may wish to take advantage of that before the meetings **Please note the change to Wednesdays!**

First **WEDNESDAY** of each month 8.00PM Start

### Venue:

Upstairs Meeting room (Above the Bistro)

Noble Park Football Club  
46-56 Moodemere Street  
Noble Park  
Melways ref: 89 D4

## FREE WHEELING

Hi all and welcome to another edition of Free wheeling. We still have a bumper load of trips so make sure you support our trip leaders and get out there! As Christmas approaches we all have a lot of stuff happening before we know it. With tracks opening, holidays to plan and consider, and many social events to manage it can all get a bit much. Did you know that one of the best stress relievers is a simple day trip? Just get out there and relax.

It looks like the rain is finished, but hopefully the bumper spring rain has helped our bush get back to the lush Victorian country we remember. I'm guessing there might be some track issues after all that rain, but that just makes it more fun right!

Cheers and see you on a trip,

Shane Michelin

## PRESIDENT'S REPORT

Hello and welcome to this month's edition of *Free Wheeling*.

I sit here thinking what to write for this month and there are no major issues that need to be reported; whether this is a good thing or not I'm not sure. I wonder if it is the calm before the storm, but I hope this is just the beginning of a club running smoothly and offering what the members want.

The Club is in a good position with a great range of trips on offer and new trip leaders which has taken the pressure off some regulars. The Committee has no major issues that need resolving and this will allow us to look at how to increase the membership base. Over the next few months we will discuss how we do this, but one option is to have a stand at Wandin next year. We did this two years ago with mixed results, but at the time thought it would be worth doing on a bi annual basis. Ensuring we have the right stand layout is paramount to attracting people onto the stand then explaining the great benefits of our Club. We will discuss this and make a decision before the end of year but I believe it will be worth the effort.

Don't forget the Christmas party organised at Myuna Farm. This is a great location and has something for everyone. The kids will enjoy the animals and the rides, while adults can join in or just socialise with others members. Please ensure your name is registered at the next meeting or contact me. We need numbers confirmed before the day.

Finally, yet importantly, you will notice the information inside the newsletter for the annual Christmas tree delivery. I have volunteered for this for the past 10 or so years and found it extremely rewarding. If you have half a day spare that weekend consider participating as you will be contributing to a great cause.

See you on the next trip – or at the next meeting.

*Ashley Martin*  
President

## Trip reports

**Cheyne's Bridge** - Phil gave the trip report on Shane's trip to Cheyne's bridge. The going was fairly straight forward until they hit the McAlister River at the gorge, where the water was fairly deep and the current a bit strong. Everyone got through OK although there were a couple of nervous moments. The group camped at Cheyne's Bridge and headed out next morning making their way slowly home. Thanks to Shane who did an excellent job as trip leader.

**Kinglake** - John McNeill gave a report on a trip they did through Kinglake.. They drove through a lot of the burnt out area and made their way up to Tallarook that afternoon. Not a hard day's trip but enjoyable all the same.

**Wine Trip** - this was scheduled to be a weekend trip but became a day trip because the bad weather had turned the campground into a quagmire. The group visited 4 wineries finishing at Brandy Creek for Tapas and more tasting. Brandy Creek are talking of doing a Brazilian BBQ in future so that may be something to watch out for.

**Neerim Hard Trip** - Shane Michelin's trip had to be postponed for lack of takers this time out but he is willing to run it in future if there is sufficient interest.

## Event Coordinators Report

The Christmas Party is scheduled for Saturday 5<sup>th</sup> December 2009 at Myuna Farm, Doveton as reported in previous newsletter. Please ensure you put names down as soon as possible. There should be plenty for the kids to do e.g. pony rides, animal petting, train ride etc. so please come along.

## Association Report

An email was circulated today asking for volunteers to help with track classification. John volunteered to help however has been told that you need to be a qualified track classifier and they are no longer running courses.

A new board has been appointed to the association. The majority of the board is made up of members of the Pajero Club and while it is admirable that they have taken this on, it is of concern that one club is so heavily represented on the board (although this will only change if others nominate for board positions).

John raised the issue of the poor state of many camping areas with the association but has not received a response so far and so will raise this issue again. Our position that these areas need to be policed by Vic Police / Parks & DSE

more frequently than they are at present.

## General business

Merchandise - we now have Bucket Hats, Baseball Caps and Broad Brim hats available. Samples of all merchandise should be available at next meeting.

## Other Business

The episode of Going 4wd featuring the club is available for download from their website.

Library - a request was made to update some of the content. If anyone has any suggestions for content they'd like to see then please let the committee know and we will endeavor to include it.

Raffle Tickets sold by Miss Harris (sorry about the lack of first name - PR)

1st Prize - Winch Damper won by Visitor.

2nd Prize - Frying Pan won by Tim Axtell.

Mystery Prize - Bruce Cremonesi

Meeting Closed: 9.30pm

Next Meeting: Wednesday 4th of November at Nobel Park Football Club.

Below is an extract of a letter from the Association regarding the Oxfam Xmas tree delivery. If you can help out, please contact **Ashley**, as he is our club organiser.

This letter is to inform those clubs who have not previously been involved how the operation works and to remind those clubs who have helped in recent years that the deliver dates this year are **Saturday 12<sup>th</sup> and Sunday 13<sup>th</sup> December**. Normally we deliver the first weekend in December but this year we feel the second to be a better weekend to attract the most sales and have the trees looking fresher for Christmas.

Volunteers carry out the whole operation. Last year nearly \$121,000 was raised, that's about \$500 per delivery vehicle, and went towards alleviating poverty and social injustice within Australia and overseas. **That's a total of over \$96,000 raised by members of Victorian Four Wheel Drive Clubs.**

We ask for drivers, navigators and vehicles that can carry 8 to 25 freshly cut trees, with or without a trailer. Many 4WD clubs have found this a fun activity that makes a considerable contribution to the larger community in which we live.

We meet at the Scout Hall, Pakenham St., Blackburn (Melway Map 47 H 12) on Saturday 12 December, or Princes Hill Primary School, Wilson St., Nth Carlton (Melway 29 J 11) on Sunday 13 December. On Saturday we deliver to the south and eastern side of Melbourne and on the Sunday the north and western side. You pick the area you would like to deliver the trees, and the day and time (between 6am and 11am on Saturday and 7-10am on Sunday) you arrive at the depot. We give you a very well organized list of addresses with Melway grid references, all in close proximity to each other. All you do is drop off the tree that has already been paid for. The smiles you receive from the younger recipients would be second only to that of them greeting Santa Claus. It will take each team 1 to 3 hours, and we encourage you to meet for a BBQ or social get together before or afterwards.

For further information or for a guest speaker to address your members at a future club meeting about the delivery or the type of self help projects that the money raised will support please contact me on **94973227** (home or work) or write to: **51 Belmont Rd Ivanhoe 3079**. email: [briangum@tpg.com.au](mailto:briangum@tpg.com.au)

On the last occasion we camped here the weather was not kind to us so second time lucky. The area is well grassed (and hopefully still will be), easy access to the river and has drop toilets The river is suitable for those wanting to wade up stream or like most of us just throw a line in from the side (if we even get that energetic). The camping area is an easy drive out of Jamieson along the Jamieson/Woods Point Rd and is a well maintained dirt road.

I set 2 departure times for some members will be leaving Friday morning and another's Friday night. If you can't make either let me know and will advise directions (don't be afraid).

If weather permitting and the well being of everyone I will probably take a scenic way home via a few tracks. These I have not been on for some time but they will not be difficult.

***Wine Trip—Drouin Area  
Anthony & Aline Van Buiten  
Saturday 3rd October 09***

**Trip Leaders:** Ashley & Lesley

**Participants:** John and Tina  
Derek and Janet  
Shane, Linda and Jackson  
John and Maryanne

The full weekend trip had been cancelled because of a waterlogged camping area in the Drouin caravan park. However, by popular demand Ashley and Lesley reorganised it into a one day trip taking in a few wineries and lunch.

At the leisurely time of 11.00am all but Shane, Linda and Jackson met at the Pakenham McDonalds. After coffee and a chat, we made our way along Princes Highway and on to the freeway east of Pakenham before turning on to Tynong North Road and the Cannibal Creek Winery.

On the tasting list were an unwooded chardonnay, a merlot, a cabernet sauvignon and a dessert wine.

We learned that the vineyard had been open for 12 years and that the winemaker, who had previously been a builder, was self-taught. Behind the counter was an impressively complex contraption of tubes, jars, retorts and bowls all of which he apparently uses to ensure his wines are of the very best quality.

One of the wines was a sauvignon blanc that we were unable to taste. A bottle of it sat proudly on the counter. We were advised that because of the last hot summer, the crop was down so none could be spared for tasting. We were assured it was a very good wine, with a large amount sold to the Melbourne Cricket Club.

Members of the group bought a selection of the different wines. Shane, Linda and Jackson joined us and while they had their tasting, we waited for them in the warm sunshine outside where we admired the winery's wood-fired pizza oven.

Apparently Ashley and John P. have been planning the construction of such an oven at Ashley and Lesley's new home – if and when they find it! Ashley is

determined to build an oven, although they can be bought in kit form. From what I could make out, the pizza oven will be built first, and then the house so at least they will be warm and well-fed, even if they are living in a camper-trailer.

The trip changed from *Ashley and Lesley's* trip into *Linda, Shane and Jackson's* trip as Linda led us back to the freeway and on to the remaining wineries. Along the road, Tim Axtell came on the radio and told us about a new winery that had just opened. This was the Bunyip Vineyard beside the freeway at the Tonimbuk Road turnoff.

Inside the old shed a big sign advertised 'John's Sensational Sausages' and there was a selection of knick-knacks and other bits and pieces and the longest bar of soap I have ever seen. It was about 40cm long and I couldn't help wondering just what you would wash with it.

The vineyard had been open only two weeks and had a small selection of wine – two shiraz's and a dessert wine. A few bottles were purchased here too.

A few vintage cars were in the adjacent garage. A small 4WD, what looked like a motorised pedal car, a restored Bugatti and a 1923 6 cylinder, turbo-charged 2.3 litre racing car that was undergoing restoration. The men all crowded round wide-eyed while the owner described the vehicles and what he was doing to them. The women stood outside rolling their eyes, impatient to get to the next winery.

We then headed up to Labertouche and Gypsy Creek Vineyard on School Road. The vineyard stood in a valley and seemed untouched by the fires of last summer, although all around the land had been burnt out in most places. Several of us had been in the area soon after the fires and recalled just how bare the landscape was a week or two after Black Saturday.

Now, the paddocks were green and many of the trees had regrowth. All the dams were full. We agreed that while this was a good thing, all the growth could become a problem if next summer is again dry and hot.

The Gypsy Creek Vineyard was officially closed while they prepared for a wedding later that afternoon. But after a phone call from Ashley, they had opened specially for us. It's in a good spot, has a restaurant and has just opened B&B rooms in a new building.

We tasted chardonnay, rose, pinot noir, shiraz and cab sav. Some of us relaxed in the sunshine on the sheltered decking outside.

By now, we were all getting hungry and so it was on to the Brandy Creek Vineyard via the Mt Baw Baw, Old Sale and Buln Buln Roads. We drove in the sunshine through rolling green hills dotted with patches of small yellow flowers.

The vineyard's restaurant is on a hillside overlooking the Tarago River with the hills of Bunyip State Park in the distance. The hillsides all around are covered with the vines from which they make their wine. Our table overlooked the view and we whiled away an hour two chatting over tapas and wine.

Some of us were tempted by the dessert menu, but two disappointments were to follow. Firstly, those who fancied a Portuguese Tart were out of luck. She had left for the day. No, that's not right - they had sold them all.

Secondly, when the alternative panna cotta dishes arrived, the waitress explained that they had collapsed and after mutterings all round she agreed not to charge us for them. Suddenly the squashy mess tasted much better.

We were all pretty full after lunch and the afternoon was beginning to pass us by. The appeal of wine tasting had somehow diminished considerably so we all decided to head home.

Truncated though the trip had been, those who attended all enjoyed themselves and it was great to have had a relaxing drive though the spring countryside.

Thanks to Ashley and Lesley for organising the day and for Linda, Shane and Jackson for leading most of the way.
