## PRESIDENT'S REPORT

Welcome to this months *Free Wheeling*.

It has been 12 months since I took on the big seat from the very experienced Ashley, and it really has been an interesting 12 months, not what I expected that's for sure! Where's the freebies? L

I must say that this job is not as bad as it could be as I have a great team around me on the Committee. With Phil, Dave, Dan, Luke, Catherine, Mark and Ashley – most on their first year in their positions so a big thanks and I think you will agree with me that every single one of them has done a brilliant job. Without their support the job would have been a lot harder. Also the members of this club make it fun to be here, not all serious and nasty like some places, I hope I've done well in keeping it a fun club to be apart of. I hope I've done a good job, well only two dozen odd people have told me otherwise.

At the AGM we will be looking for some people to fill some positions, mainly the easy ones - **Vice President, Secretary** and **Trip co-coordinator**. So if you are keen, get in quick, they will go fast! Meetings are at Luke's place usually EXTREMELY social and quick!

We still haven't heard anything back from 4wd Vic on the status of Collins Hut which as reported last magazine has been vandalised badly this time. I've emailed 4wd Vic for more info this week, so I'll see what happens before the next meeting.

We have a few good trips coming up, so keep your eye on the Trips Calendar. Below is a few trips to mention:

Snow trip with Sam (*which should be a blinder in this weather!*)

Grampians Social Weekend

Robe with Dave (*come see the navara get stuck*)

Maybe a run to Portland Buggy Club

Discussions to run a base camping long weekend to Swifts Creek we shall see!

Early next year I'm thinking of either a ~10 day trip to Lake Eyre (*calling Paul Ryan, come on Paul*) or maybe later in the year a Fraser Island trip. The only killer with Fraser Island is the school holidays in Queensland are the same time as Victoria next year, which makes it madly busy up there. So it may get the royal order of the pork sausage this time.

A quick reminder that we have on 20<sup>th</sup> and 27<sup>th</sup> of August is our First Aid Course. It is good to see so many people interested in the course and this will make trips even safer.

As you will see in the magazine we have our annual AGM dinner. The contact info for **Ashley** is in the mag - **BRING CASH** – Ashley will explain at the meeting!

With the website we would still like more photos to add to the gallery of trips from years gone by... I know people have them so come on share them around, **specially** any embarrassing moments you have of other members bogged, or attempting to cut hanging trees down..

Anyway enough driving from me, take care and see you at the meeting.

Regards

Bruce Cremonesi

President VFWDC

### Association Report

Ashley attended the last Association meeting. Their AGM is coming up, needing a new secretary and treasurer. Doing a new web site update, with additional links. Information about the new 80 channel radio's and the difference between the 40 and 80 channel sets - if your using a new 80 channel radio and someone is using a 40 channel, the volume coming from the 40 channel compared to other 80 channel users will be greater in volume Looks to be some funding issues from the government, which could affect the paid positions currently at the Association. There are some seasonal closures in the Gembrook area, tracks that are not usually closed are being closed this year - and the website notices of the closures are not yet updated. Collins hut has been vandalized to the point where Park's will be demolishing the hut.

### General business

*Beginners Driver training* - a bit hard to organize the practical part of the course.

*Sand driving course* - John is thinking about conducting a sand driving course out past Portland (Melbourne cup long weekend). Will need to become 'day' members of the sand buggy club to be able to access the sand dunes.

*First Aid course*: Cost will be \$130, and the club will subside that by \$100, so members will only pay \$30. Aug 20<sup>th</sup> and 27<sup>th</sup> (over 2 Saturday's). forms are available, and need to be sent back in by 8<sup>th</sup> of July to the committee

### Other Business

(Shane) Association link to our web site does not work (remove the /welcome.html)

(John P) Police are setting up road blocks and doing vehicle checks (i.e. measuring heights) and looking over vehicle mod's. Some people have had to have their vehicles towed back.

## UPCOMING TRIPS

DESTINATION	Grampians Wine, Zoo & Relaxing Weekend
LEADER/CONTACT NO.	Bruce Cremonesi Mob: 0400425296
DATE	23/24-25 <sup>th</sup> September

### TRIP ACTIVITY DETAILS

Due to my daughters one and only Ballet recital for the year being on the weekend out of 52 I planned to go away I've had to change the date by 1 week. (You think that's bad, Dan's kids ballet is on November long weekend!)

So this trip is now on the 23/24-25<sup>th</sup> September (When you leave is up to you, I'm going Friday 23rd). Camper trailers welcome. We will be staying at the Lake Fyans Holiday Park.

[www.lakefyansholidaypark.com.au](http://www.lakefyansholidaypark.com.au) If you are interested you will need to call and book yourself, and tell the lady there you are from Victorian 4wd Club. I've pencilled in for our club the non powered site area up the end of the park for us. Adults can relax, kids can ride bikes around the park, kick balls, fall over and throw rocks in the lake. At night we maybe lucky enough to have the possums come out for hand feeding in the van park. Options in the region are almost endless but we wont have time to do them all sadly, but we can come back another time and run the rest! You can do your own thing or we can go in groups it is up to you. [www.visithallsgap.com.au/](http://www.visithallsgap.com.au/)

Here are a few I intend to do. Hall Gap Zoo [www.hallsgapzoo.com.au/](http://www.hallsgapzoo.com.au/) Plenty of up and personal with some animals, inc hand feeding animals with some rare animals to see. I've been told that if you go into Halls Gap at Dusk you can hand feed the Kangaroos. If your over 18 and really keen there are some Quadbike tours [www.grampiansquadbikes.com.au/](http://www.grampiansquadbikes.com.au/) For the adults, we might even take in a winery or 4 (my supplies are low). Some wineries have free Cellar tours others charge enough for a new set if tyres. Wineries close by are Best Great Western, Seppelts, Grampians Estates, Montara Wineries, Kimbarra Wines etc. For those of you that need a little bit of culturing you can go and check out the Brambuk the National Park & Cultural Centre. They do few tours and cave painting stuff if you are interested. [www.brambuk.com.au](http://www.brambuk.com.au)

For those fit enough, you can take a walk/climb/struggle/sweat up to the top of Halls Gap, the views are stunning. I did the climb 15yrs ago, and have photos from then, that's good enough for me. Blue Moon Alpacas is an option too if you have time or drop in on the way home. I have an awesome warm Alpaca wool Poncho I got there last time that's so toasty warm it aint funny! There is something for everyone except strippers. Any questions, queries, or complaints, please contact me.

## Trip Reports

### Toolangi / Narbethong

#### Participants

Tim	80series Landcruiser
Ian & Audrey	Nissan Pathfinder
Shane Jackson Andrew & Jordan	Hilux
David	GU Patrol

Morning started at our usual meeting point Lilydale Macas where we said our small talk before Tim led us on our merry way to ROCKY track. Here we aired down & prepared for the initial climb.

Tim went first then Ian & Audrey attempted too climb rocky unfortunately they travelled only the first 100meters before they came to a complete stop. Tim reversed down to snatch them through the rough stuff but after 3 attempts they decided to go around to the first side track, this track they only made it through the first 20 meters.

Tim had found **ANOTHER** side track that seemed easy at the start but half way up the hill the pathfinder came to another grinding halt. Out came the winch this time & almost an hour after the trip started, Ian & Audrey was up the rocky track. We all Applauded. Travelling along through the lovely hill side Tim decides to go down a track he had previously experienced. The crew let him go & we here a call come across the UHF (WHERE NOT GOING DOWN THAT). That was hilarious Ian must have been shaking his head in fear. When Tim returned we understood why. Tim's car turned a lovely shade of mud & the ruts were up to his door handles. I think we all agreed with Ian.

Tim was on a mission to find some more appropriate tracks when we hear the pensioner say we haven't had morning tea & its past morning tea time. Tim decided to head for water. we turned down gutter creek road & just up the road Ian & David had to pull out the trusty chainsaws as there was a sizeable log across the track a few cuts later the log was on the side of the track & we were on our way. We found a lovely parking spot at Luke creek No2 track & Marginal rd. Jackson & Jordan loved the rock throwing into the creek. Ian was over the moon we had stopped for a cuppa & bite to eat. We all headed down marginal road when Tim realised we had gone past a track he intended to use so we done a u turn here Ian's reversing camera was not working that's why he almost ended up in a water collection point at the edge of the road (its amazing how flexible those rear bumper bars are).

Reds track was the one we wanted so up we go Tim trundles up the track Ian was next so I decided to give him all the room he needed approx 200 meters up Ian ends up stuck once more he rolls back to take another turn, Then we hear a message from Audrey ( I think we have broken something). **Oh no that's 3 things for the day Ian!** Out came the winch again (as Ian was a little crossed up) to lower him down the track. Back on marginal road Ian tries to see if he can hear the noise again but we were not sure so our leader decided to call it a day & head off home.

### *Hand powered Chainsaw*

*Look no further, OMG has you covered this Winter Season with their new 2011 Model two stroke (forward & back) Chainsaw. It is easy to see why OMG Tooling has become No2013 for Machinery and Garden Tools on Ebay, just look at the features we have included on this top of the range hand powered Chainsaw!!*

*Which include a massive two stroke (one forward & one back) Double action nine-linked Dual action hand cranked shaft. If you buy this Chainsaw nothing will slow you down apart from the Chainsaw, all of these features and still it only weighs stuff all, that's right hardly anything fully assembled.*

*When you purchase a OMG Chainsaw you can ensure the lack of productivity and inefficiency of your saw - all year round. Rather than simply using something that will cut, you can use something with the sharpness of a beach ball, OMG Chainsaw allows you to spend the whole day stuffing around and getting nothing done. A major advantage to this is the lack of sharpness of the blade and how rough your saw will cut if at all. DON'T RELY ON ANYTHING USEFUL ! With a OMG chainsaw you are bound to get nothing done.*

*We are so sure this OMG Chainsaw will keep sawing for years to come, we have given it absolutely no warranty, that's right none zip – nil, not one, nothing, not any. It will cut though water like butter. ( will cut Styrofoam as well with a heap of mess) What makes the OMG Chainsaw even more impressive is the Extras you get included at no extra cost.*

- *Two bottle tops off the beer's I just had*
  - *No Warranty - Included*
  - *No spare chains - Included*
- Carry Strap – Included (two cable ties)*

*It is easy to see why you will be the envy of everyone in your street with this genuine 2011 model OMG Chainsaw*

*Please note this item is not new and I have no idea how long it's been in my shed for*
