## News From The President

Hello and welcome to the April issue of our Club Magazine

It was very encouraging to see so many people now regularly attending our monthly general meetings, both members and also guests alike. I had the privilege to greet many guests to our club at our last meeting and I continue to look forward to greet more in the coming months. There have been at least two club trips during this past month, and also a recy trip for an upcoming Easter trip - and there are a variety of upcoming trips to wet your 4wd and camping appetites for the remainder of the year, with trip forms being submitted to our trip coordinator frequently.

As a committee we had a great chat last week about the upcoming events and we have started to plan our annual Xmas in July. This year we have stumbled upon a venue that is willing to host us for free, and will make available to us their toilet facilities. The venue is St. Annes Winery. The Winery is situated just on the other side of Bacchus Marsh and is very easy to get to via the main highway. It is proposed to come along from Saturday midday until Sunday midday - or any part of that time that you have available. The Club is looking at providing the meat for Saturday night dinner, and probably bacon and egg wraps on the Sunday morning breakfast as well. If you are not able to stay over night for the camping aspect, you are most welcome to attend for the Saturday afternoon and the dinner prior to heading the short distance back to home. More information will be made available through the Trip data form and through announcements at club meetings and emails to the membership leading up to July.

At the general meeting we had available the latest issues of the Trackwatch magazine from our Association. There are many good articles in the magazine and it is a great way to keep in touch with what the Association is doing on behalf of all the affiliated 4wd clubs. If you did not take a copy of the magazine with you, it is available on line at the Association Web site, including the back issues:

<http://www.fwdvictoria.org.au/upload/trackwatch/trackwatch.asp>

In particular is the 'clean up the bush program' that we have mentioned a couple of times at our meetings. If possible can we keep the 2nd of May available to help with volunteering to this program. I know it's not exactly a pleasant task to get our hands dirty cleaning up some other peoples thoughtless actions of illegal dumping, but it is the bush and nature that we enjoy going to and I'm sure we would all like to our bush respected.

In April there is Bruce's trip to Beachport/Robe for those who would like the 'sand' driving experience over the Easter break and there is Mick and Sally's trip to McKillips bridge for those who want the bush experience, and a trip by John Partridge doing the Border Track. So between those three very different trips I am hopefully that many people will find something that is of interest to do over the Easter weekend. Following that is the Proficiency Training that is run by Phil Griffith, together with Ashley Martin and John Partridge - names are appearing on the trip form so places are filling up which is very encouraging for the trainers who put a lot of effort into this training program.

In May there will be a return of the 'night runs', the first being led by Scott in his Navara and later in the month there will be a change to get your hands dirty and practise using the winch's on our vehicles and to also watch and learn how to remove and reinstall a tyre on a rim by the side of the road - this event will be led by Stuart who has had plenty of practise over the years with tyres.

Looking forward to seeing you at our meetings, or on a trip.

David Bruinsma

Accepted: Sally Harris

Second: Stuart Bowker

### **Minutes of February General Meeting**

Accepted: Sally Higgs

Second: Tony Feltham

40<sup>th</sup> Anniversary Shirts are still available there are large and extra large shirts available

The club has agreed to place an ad in our magazine for safety Dave and State wide 4X4 provided that the information arrives from the businesses in time for publishing in this month's magazine .

Paul From state wide 4X4 will arrange a date for the club to use his weight scales to check vehicle's weight. This will be mid year and we will advise everyone as soon as we find out a date and time.

Anyone that needs it done earlier you can contact Paul at state wide 4X4 and book in a date direct with them and I believe it will cost \$15.00. State Wide 4x4 Phone # 03 9484 7838.

There web site has a lot of information regarding GVM so look up [www.statewide4x4.com.au](http://www.statewide4x4.com.au)

### **Correspondence in**

Landrover Review

Overland Cruising

Cross Country Jeep Club

DEPI have been emailing club almost daily about fuel reduction burns across the state on the day so it is difficult for us to forward the emails on a daily basis so we are advising everyone to check the DEPI web site before venturing out.

Getting a lot of interest in the club from emails

Club has received an invitation to Rudy's house for a committee meeting, RE: Historic maintenance with the 4wd clubs

### **Correspondence out**

David Bruinsma has sent Emails of thanks to Safety Dave and State wide 4x4 for their donating their time attending our meetings in December and February.

**Accepted:** Brett Buchanan

**Seconded:** Stuart Bowker

### **Association Report**

Full report in track watch about what the association is doing

RTO are auditing 4wd Vic

Clean up the bush report

Dob in a hoon need to be improved its up to us to assist by reporting incidents when we see them with clear photos and a written report.

### **Upcoming trips**

### **Trip leaders**

9/3/2015	Labour Day	St Anne's Winery	David Bruinsma
9/3/2015	Labour Day	Grampians	Sally Higgs
3/4/2015	Easter	Beachport/Robe	Bruce Cremonesi
3/4/2015	Easter	McKillops Bridge	Mick Harris
17/4/2015	Proficiency training Course held on the weekend and the theory will be held on the 14/04/2015 location to be advised		Paul Griffiths
08/05/2015	Night Run	Toolangi forest	Scott & Amanda
09/05/2015	Winch and tyre change.	Bunyip forest	Stuart Bowker
15/07/2015	Cape York	Fraser Island	Mick & Sally

Visitors are welcome on any club run trips, visitors need to complete a visitors form found on our web site. The only trips that you must be a club member is the snow trip to Mt Skene and Driver training as these cost the club money to run that goes to 4wd Victoria

Trip Report Sally Higgs

### **Australia Day Weekend Long Beach on the Murray River**

The weekend was spent Camping & Spending hrs in the water.

Went on a trip on a Paddle Steamer up the Murray river Tristan hadn't had enough mud and found a lovely mud hole, Drove though it and realised it wasn't quite a mud hole but a cow Poo liquid hole so the disco was covered in cow poo which Tristan had to hand wash, There was also a house Boat with a band of buskers on it that went past,

It was a great relaxing Camping weekend to start the year.

Brett Buchanan

### **Australia Day Weekend The high Country**

Stuart led the trip through Licola and on to the panicles then onto billy goats bluff for those that don't know billy goats bluff is the longest steepest track its 7km long dropping 1400 metres following a ridgeline. Then onto Italian Flat campgrounds went for a swim to wash of the dust

Then on the next day headed in to Talbotville an counted 60 campers with 1 toilets for all the campers. Went on to Wonnangatta Valley and Zeta Spur Track then camped at Howitt High Planes.

The next day headed for Butcher Country track then on to Barkly Bridge campground and home. It was a great trip

Thanks Stuart & Maree.

Sam Ayoubiee

### **Walhalla**

8 vehicles attended got there late at night camped near hut

Stuart had brake issues and did a running repair. Went up army track

Then deep creek track # 4 it was extreme. And onto deep creek #1 then went to Aberfeldy river for a swim. After the swim they headed back to camp and prepared to eat Ben had set up a camp bbq plate Sam asked if they could use the plate Ben gave the OK and by the time he got back Milton had loaded up the bbq with marinated meat Ben couldn't believe there was no room for him to cook his meal and he had to wait for the others before he could cook his meal. Ben had to clean the plate prior to cooking his meal as he doesn't eat with spices. The tracks we very difficult and challenging we had a great time.

Stuart Bowker

### **Aberfeldy**

We did some more clearing of the track

Had a swim in the river

Started to rain Tony and Craig went o to play in the mud

Had a great day

## General Business

The committee is trying to encourage more trips

With a lot of variety Night drives wineries etc

David Bruinsma indicated that we should always have personal information forms filled out in the glove box.

He also wants ladies trips to help the girls learn how to handle a 4wd for emergency situations.

Sally Higgs is interested in running a trip.

David Bruinsma had a situation on the weekend where Carolyn had to drive the Navara fully loaded with trailer, and David drove another couples car with caravan back because the man had become ill. David considers it important for the ladies to be familiar with their 4wd's and trailers 'just in case' needed to drive out if someone becomes ill or hurt.

4wd Victoria have asked for Facebook profile

Steve has to stand down as treasurer at the end of this term in office, and will no longer be able to continue so we need someone to assist the club (been in role for over 4 years already). If anyone is interested please contact David.

Up Coming Meeting talks expected from: Tool Quip, Moly Lube, LPG gas conversions

There is a 4wd store keen for us to attend in November

If anyone has any ideas or topics they want perused please let any committee member know.

Tony looking at what is required for club plates

Open Questions:

Andre: Accredited Driver training 4wd Vic Nothing has been decided yet. Te get experience attend more trips with experienced drivers.

#### Consolidated Closing Cash Position

**\$9,879.67**

Also, on the up-coming Treasurer's vacancy, please find attached a description of what's involved in case you want to include in the magazine.

### Key Duties and Accountabilities – Treasurer

- Banking of all cash receipts within 5 working days;
- Coordination of all 3<sup>rd</sup> party payments to suppliers and service providers (eg. insurance premiums, association affiliation fees, venue hire costs, PO Box hire, website hosting fees, etc);
- Custodian of club cheque book and deposit book;
- Lodgement of Annual Reports (via Club Secretary) to Consumer Affairs
- Maintenance of bank accounts, records and statements;
- Maintenance of the club's books, journals and other financial records;
- Making recommendations and maintaining appropriate levels of cash investments, petty cash holdings and funds held at call;
- Preparation and presentation of Annual Reports (including engagement with independent reviewers, external accountants or auditors, etc) – Annual Reports must be retained for at least the past 7 years;
- Preparation and presentation of monthly Treasurer's Reports;
- Processing electronic payments and maintaining oversight of any electronic security tokens in use; and
- Regular attendance at Club & Committee meetings.

Finally, we agreed at the most recent Committee meeting that it would be timely to include a reminder in the club magazine (from April onwards) that membership renewals are due by the end of June and to provide a link to the renewal form on the club's website.

Kind regards,

**Steve Pitcher**

## Recall on Single Burner Gas Canister Stoves.

It has recently been brought to the attention of Four Wheel Drive Victoria regarding a number of incidents involving single burner butane cartridge stoves around the country. These problems appear to be across most brands and involve both the stove and the canister. The faults appear to stem from the mating between the stove and the canister and faulty sealing and also from a propensity to overheat causing the cartridge to rupture. The resultant flash/explosion/fire can cause severe injuries or death from shrapnel and/or burns. As a consequence of this, the NSW Department of Fair Trading has issued an immediate “Stop Sale” on these appliances, which requires the immediate withdrawal of all said stoves from shelves and a prohibition on their sale within New South Wales. Note that at the time of this being written, this does not apply anywhere else in the country. A sample of burners purchased off the shelf found an 84% failure rate on the shut-off valve/seal also called the over-pressure safety device. Due to this, approval of these stoves was withdrawn by AGA and SAI Global (the regulatory authorities). It is prohibited to sell any gas device in Australia which does not have AGA/SAI Global approval. For those who have one of these stoves, and continue to use it, the following recommendations are made: do **NOT** use oversize pots and pans on the stove, as this may lead to overheating and failure; **DO** carefully inspect the cartridge valve assembly and the mating face of the stove and do **NOT** use if there is any damage; **DO** keep the mating points of the stove and cartridge free of dirt and debris to ensure a good seal; **DO** always ensure adequate airflow around the stove to reduce the likelihood of overheating; do **NOT** use on very hot days; and do **NOT** use the stove if you have any doubts about its safety or reliability. Fair Trading NSW urges that you do not use these stoves and advises that under Australian consumer law, you may be entitled to a refund if you can show proof of purchase. For further information, go to

[http://www.fairtrading.nsw.gov.au/ftw/Consumers/Product\\_and\\_service\\_safety/Lunchbox\\_cookers.page](http://www.fairtrading.nsw.gov.au/ftw/Consumers/Product_and_service_safety/Lunchbox_cookers.page)

Please also note that while the above information applies to single burner stoves, a number of dual burner stoves are also on the market, and all fittings and parts relating to these faults are identical. Although no incidents have yet been reported involving dual burner stoves, the same warnings still apply.

Here is some Association News extracts from the recent Trackwatch magazine that we have permission to re-print in our club magazine from Four Wheel Drive Victoria.

**From the Editorial:**

This month sees our Association celebrate 40 years of representing the interests of Victorian four wheel drive drivers to preserve and promote responsible access to existing track networks on public lands.

The Victoria Association of Four Wheel Drive Clubs held its inaugural meeting on 20th February, 1975. It was formed by seven clubs that saw the benefits of a united 4WD body. In a paper presented to the Institute of Foresters by Secretary Douglas Gardiner in 1978, he reported that by the 20th January, 1977 the individual member count was 842, which had grown to 1,785 by May 1978.

Today our membership both in Clubs and members has multiplied tenfold. It is impossible to even begin listing substantial projects, access fights and numerous activities that ensued over the last 40 years. Suffice to say - that like today - Victorian four wheel drivers have a wonderfully dedicated group of enthusiasts and volunteers to thank for

actively supporting and moving our Association on in a changing political and social environment, resulting in many wins for our recreation.

Accordingly, we are celebrating this auspicious occasion as only four wheelers can. Everyone loves a party, and this year we invite all four wheel drive clubs affiliated with FWD Victoria to spend the Queen's Birthday weekend in June together in Mansfield.

Celebrations will be centred at the Mansfield showgrounds where there are limited powered and unpowered campsites. Mansfield also has two commercial caravan parks, and a good variety of other accommodation options.

**Brian Tanner**

Editor

---

Hi Tony,

Could you please pass this on for Dave? I think he wanted it for the meeting or the magazine.

We found VFWDC after looking through websites for different clubs, and really liked the family friendly look. We've been on two day trips in three weeks and I think we're hooked. Stewart said the first one would be an easy drive for a beginner, which is fine when you don't know what double black diamond means until afterwards!!! Ben really got to put the Triton through its paces amongst experienced 4WD'ers, so we felt safe and looked after, and learned heaps. Plus the kids loved it!

The second trip with Dave was actually more sedate, and we were very impressed with the choice of St Anne's and the Plough for amazing local food and wine. Ben loved the bog holes, which everyone navigated successfully. Unlike one of the 4WDs in front of us, which got flooded. It's been wonderful to see so many new places with such lovely people, we look forward to many more trips.

See you again soon xx

Clare and Ben.

**1975 - 2015**

*This Year Four Wheel Drive Victoria Celebrates it's 40th anniversary  
To celebrate we are staging a weekend of celebration, fun and Friendship*

**Where:** *Mansfield in Victoria High Country.*

**When:** *Queens birthday weekend- Friday 5th -Monday 8th June 2015

## UPCOMING TRIPS

DESTINATION	<b>Queens Birthday - Aberfeldy District</b>
LEADER/CONTACT NO.	NAME: David Bruinsma MOB: 0417 747 860
DATE	Friday June 5th to Monday June 8th - 2015
MEETING PLACE / TIME	tba
GRADE	WET: Medium DRY: Easy
TRIP ACTIVITY DETAILS	<p>Trip to Aberfeldy to do maintenance work in our district on the Saturday - other than that, I plan for the weekend to be a fairly quiet time based around the camp site at Little O'Tools camp ground.</p> <p>There will be other clubs in the area for the weekend doing their working bees as well, we might be able to catch up with the other clubs and do some interclub socializing as well.</p> <p>Whilst I intend to spend a lot of time around the camp fire and relax, I will break up my sitting around doing not much, by exploring some of the local tracks that has been very popular and some part technically challenging. This will be done in consultation with those hanging around the camp fire and I will try to do tracks that will be of interest to the majority.</p>
VEHICLE LIMITS	MINIMUM: 2 MAXIMUM: 10
APPROX KMS Meeting place to destination	300 to 450 kms, depends on how much exploring we choose to do.
LAST AVAILABLE FUEL	PETROL: Moe DIESEL: Moe
DISTANCE BETWEEN SUPPLIES	Less than 100 kms
EQUIPMENT REQUIRED	Camping gear, Recovery gear, Food, Water, Sense of fun and relaxation. For the Saturday - need gloves, chain saws, wipper snippers (with blade if possible) Garden Rake.
MAPS REQUIRED	
Official Newsletter of the Victorian Four Wheel Drive Club Inc	Registration No A0002184F
RADIO CHANNEL      CB / UHF	UHF 12

## UPCOMING TRIPS

DESTINATION	<b>Xmas in July - St Annes Winery</b>
LEADER/CONTACT NO.	NAME: David Bruinsma MOB: 0417 747 860
DATE	Saturday 11th July to Sunday 12th July 2015
MEETING PLACE / TIME	At St. Annes Winery from 12 mid-day onwards on the Saturday: 64 Garrards Road, Myrniong VIC 3341
GRADE	easy
TRIP ACTIVITY DETAILS	<p>Twill be an easy relaxing weekend, camping at the winery itself. Come along, set up your camp - go to the cellar door, sample the wonderful variety of Wines and Ports and purchase your supplies for the weekend.</p> <p>The committee intend to supply the meat for the Saturday night dinner, with campers to supply the shared salads for the dinner. The Committee will also supply bacon and egg wraps cooked over the camp fire on the Saturday morning.</p> <p>There is NO 4wding intended at all for the weekend, but for those who would like to get some 4wheeling done, there will be opportunity to do so upon your departure on Sunday morning to head up through Wombat SF, I can certainly recommend to try the XL track which has some nice bog holes at the moment.</p> <p>If there is interest, we can conclude the weekend away by making a booking for lunch at the nearby pub 'The Plow' which provided us an awesome dining experience at my recent St. Annes day trip in March. Lunch to be paid by each person - and a group booking will be need to made in advance so I need to know numbers for lunch well before the</p>

## Trip Reports

### Day trip to St Annes

Left home at 7:20. Met up with Tiny and Lisa and Craig, Milly and Kevin near the Westgate freeway. Saw hot air balloons over Melbourne and a blimp over Bacchus Marsh - very unique.

Met up with Joe, Dianne and their boys and Ben and Claire (guests on the trip) at our meeting point; bought our coffees, and sweets from a cafe. Left Bacchus Marsh at 9 and headed to the Brisbane Ranges for a look around to check it out. Found lots of M.V.O's on side tracks but soon discovered the area to be more so for bush walkers rather than 4wders.

Stopped just after 10am for morning tea at Stoney Point picnic area at the bottom end of the Ranges for a coffee break.

While we would have liked to have crossed the hwy to check out the other side of the Ranges, we needed to continue to the main road (sealed hwy) and onto St. Annes winery as we had a booking for 11/11:30am. We had a fabulous time at the winery; reminiscing about last years visit and tasting much. David and Carolyn had brought along a dip/cracker platter to partake of while we sampled the ports and wines. At the time of our departure from the winery we had chatted to Alan, the owner of the winery; he has offered us the use of his 20 acre property to camp on and we can use his toilet block too! - top bloke, thanks Alan! He can also clean and restore port barrels if we bring them next time.

After we'd all bought and tucked our goodies away safely we headed to The Plough for lunch at the pub and was directed to a secluded back room and given 100% quality service and a fantastic meal. A free drink and entree platters on arrival and a base price of only \$29pp - it pays to ring ahead and be super organised!

We left The Plough at 2:30pm to explore the Lerderderg national park. Tiny (Tony) lead this part of the trip as he had a bit more recent knowledge of the area. We dropped our tyre pressures as we would be on dirt road for the next while.

Went to O'briens crossings and didn't stay long as it was as busy as burke street. Then found a side steep track that looked a bit too challenging but the motor bikes made it up after a couple of failed attempts, and David decided to half way up on one side ... that challenge was then followed by a big mud puddle that a 4wd in f

Front of our group had flooded themselves in. Assuming it looked deep and nasty we prepared well, took a slightly different line, and ended up a bit of an anticlimax as Woody did the first successful attempt, as it was not that deep or bad on the other side of the hole!! It always pay to be prepared. With David (woody) being successful, both Joe and Craig had a go and succeeded too. Tony had driven around initially to be the good bloke to be the recovery vehicle if needed. So TINY stayed clean a bit longer.

We found two more awesome mud puddles for all the boys to play in, one which the boys did play in, the next one common sense prevailed and everyone drove around it, much to Davids dismay.

We then continued to Firth Park camping ground stopped for a quick look and pit stop, again it was extremely busy. By now the end of our day had come; we aired up on James rd (beginning of the sealed rd) and headed home.

Thanks to all for a super awesome day! Can't wait till next time, Carolyn Bruinsma
